

To Kappa Alpha Psi Awards Committee,

I Anna Pearl mother of Elijah Towers am very please to write this letter in regards to the Berkeley Kappa League. Elijah has been with the league for two years now and he really enjoys this group of men. The Kappa League is helping Elijah to identify his strength and weakness as a young black African American Male. They are inspiring him to stay focused in school and also to keep his grades up. They are helping him to reach out for help with his school work when needed, as a matter of fact he has their telephone numbers to call upon them when he do need help and they always answers his calls. They take all the young men on field trips to different colleges, they reward the young men for doing the right thing and they also put their foot down when they are wrong. I really appreciate The Men of Kappa League because I am a single mother and my son need these positive men in his life to keep inspiring him to be the Man that God Created Him to Be.

SO I SALUTE DORIAN BOHLER AND ALL THE OTHER MEN FOR TAKE TIME OUT TO ENSURE THAT MY SON ELIJAH TOWERS HAS A BRIGHTER FUTURE.

SINCERELY,

ANNA R. PEARL
